WE'RE MAKING OUR PACKAGING MORE SUSTAINABLE

We're transitioning from single-use plastic to paper-based packaging. As we progress, you may find a mix of paper and plastic in our boxes.

NOUS RENDONS NOS EMBALLAGES PLUS DURABLES

Nous passons des emballages en plastique à usage unique aux emballages à base de papier. Durant la transition, vous pourriez trouver un mélange de papier et de plastique dans nos boîtes.

QUEREMOS HACER MÁS SUSTENTABLES NUESTROS MATERIALES DE EMBALAJE

Estamos cambiando las bolsas de plástico desechables por bolsas con base de papel. Conforme avanzamos en este propósito, puedes encontrar una mezcla de papel y de plástico en nuestras cajas.

LEGO® Builder

From the LEGO® Icons Design Team

Tucked into a charming old-town scene, this LEGO® Icons modular building captures the cozy, bustling atmosphere you might find in a quaint, historic European shopping street. We wanted to develop an interesting arrangement of buildings and create a unique, asymmetrical layout that is completely new for our Modular Buildings collection. Both buildings open up easily, so you can see all the comings and goings on each floor. Connecting the two buildings took a lot of planning – and our combined geometry skills! The result is an inviting, angled design that captures a timeless part of a winding village. The placement of the buildings also opens up the street for all the minifigures to meet by the curious cat statue or you could even display the marching band performing at the annual parade. This lively layout is tied together by lots of fun interactions, whimsical surprises – and a minor mystery that might be revealed as you build!

Un mot de l'équipe de conception LEGO® Icons

Niché dans une charmante scène de vieille ville, ce bâtiment modulaire LEGO® Icons capture l'atmosphère chaleureuse et animée que l'on peut trouver dans une rue commerçante pittoresque et historique d'Europe. Nous voulions développer une disposition intéressante des bâtiments et créer un agencement unique et asymétrique, totalement nouveau pour notre Collection de bâtiments modulaires. Les deux bâtiments s'ouvrent facilement, ce qui permet de voir toutes les allées et venues à chaque étage. La connexion des deux bâtiments a nécessité beaucoup de planification – et nos capacités géométriques combinées! Le résultat est une conception invitante et angulaire qui capture une partie intemporelle d'un village sinueux. L'emplacement des bâtiments ouvre également la rue pour que toutes les figurines se rencontrent près de la statue du chat curieux. Vous pouvez même exposer la fanfare qui se produit lors du défilé annuel. Cette disposition animée est complétée par des interactions amusantes, des surprises fantaisistes... et un petit mystère qui pourrait être révélé au fil de la construction!

Impresiones del equipo de diseño de LEGO® Icons

Estos edificios modulares LEGO® Icons, enclavados en una encantadora escena de un pueblo antiguo, capturan la bulliciosa y agradable atmósfera que podrías encontrar en una pintoresca e histórica calle comercial europea. Queríamos romper con lo convencional diseñando una distribución irregular y dinámica que aportara una estética nunca antes vista en nuestra colección Modular Buildings. Ambas construcciones se abren con facilidad para que puedas ver todo lo que sucede en cada uno de sus pisos. Tuvimos que planear con mucho cuidado la conexión de estos edificios poniendo en práctica todo lo que sabemos sobre geometría. El resultado ofrece un ambiente acogedor con líneas angulosas que retrata el intemporal carácter de un poblado con calles sinuosas. La distribución de los edificios genera un espacio urbano donde puedes presentar a las minifiguras congregadas alrededor de la peculiar escultura felina o, si lo prefieres, mostrar a la banda de música en su actuación con motivo del desfile anual. Lo que cohesiona esta vibrante composición son las innumerables y divertidas interacciones y un montón de elementos sorpresivos, ¡así como una discreta incógnita que podrías resolver mientras construyes!

The heart of the town

The stores and rooms in both buildings overflow with personality, with a colorful cast of LEGO® minifigure characters to connect it all. The twin girls' favorite pastime is to visit the music store and rehearse their marching band performance. In the heart of the LEGO Icons Shopping Street, the popular carpenter lives and works across the two buildings. She receives special orders from loyal customers near and far, delivered to her by the homing pigeons that nest on the roof terrace. Most days, you'll find her perfecting beautiful furniture designs in her workshop or store, though she occasionally takes a well-earned break in her lovely home. However, a mysterious leak is causing a bit of trouble in her store... At first glance, the plumber promises "It's a quick fix," but mysterious clues begin to reveal a new theory: a secret spire hideout, a stash of cheese and a chewed-up plumbing pipe... Where is the real culprit? Imagine this story and many more as you build!

Le cœur de la ville

Les magasins et les locaux des deux bâtiments débordent de personnalité, avec un groupe coloré de personnages en figurines LEGO® pour relier le tout. Le passe-temps favori des jumelles est de visiter le magasin de musique et de répéter le spectacle de leur fanfare. Au cœur de la rue commerçante LEGO Icons, la populaire menuisière vit et travaille dans les deux bâtiments. Elle reçoit des commandes spéciales de clients fidèles, proches ou lointains, qui lui sont livrées par les pigeons voyageurs qui nichent sur le toit-terrasse. La plupart du temps, vous la trouverez en train de perfectionner de magnifiques meubles dans son atelier ou son magasin, bien qu'elle prenne de temps en temps une pause bien méritée dans sa charmante maison. Cependant, une mystérieuse fuite cause quelques soucis dans son magasin… Le plombier promet d'emblée que la réparation sera rapide, mais des indices étranges commencent à révéler une nouvelle théorie : une cachette secrète dans la flèche, une réserve de fromage et un tuyau de plomberie rongé… Où se trouve le vrai coupable? Imaginez cette histoire et bien d'autres encore au fil de la construction!

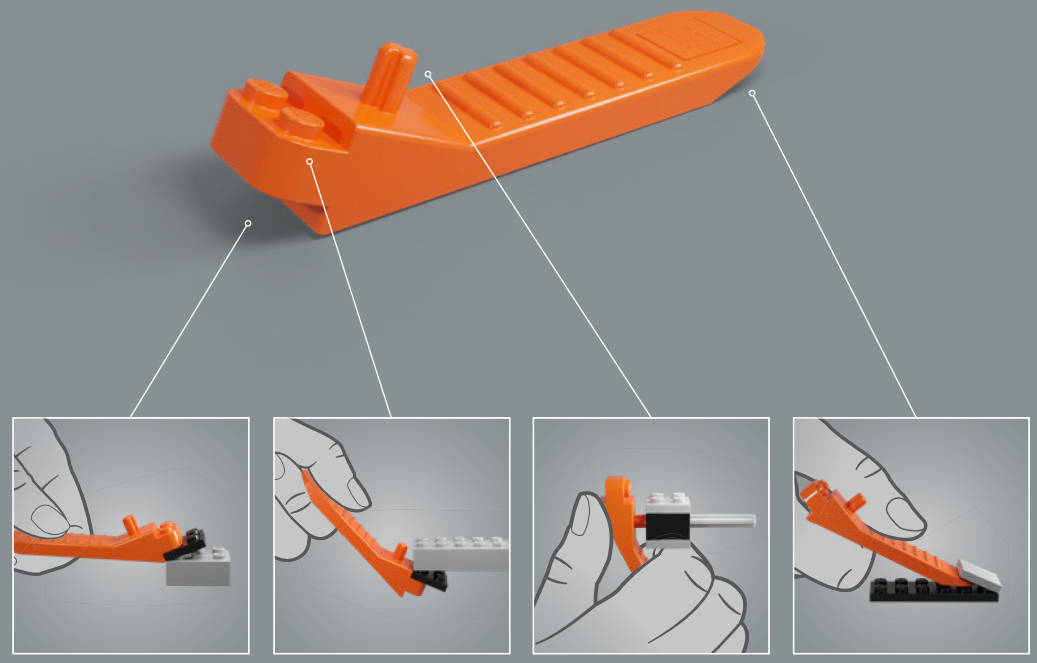

El alma del pueblo

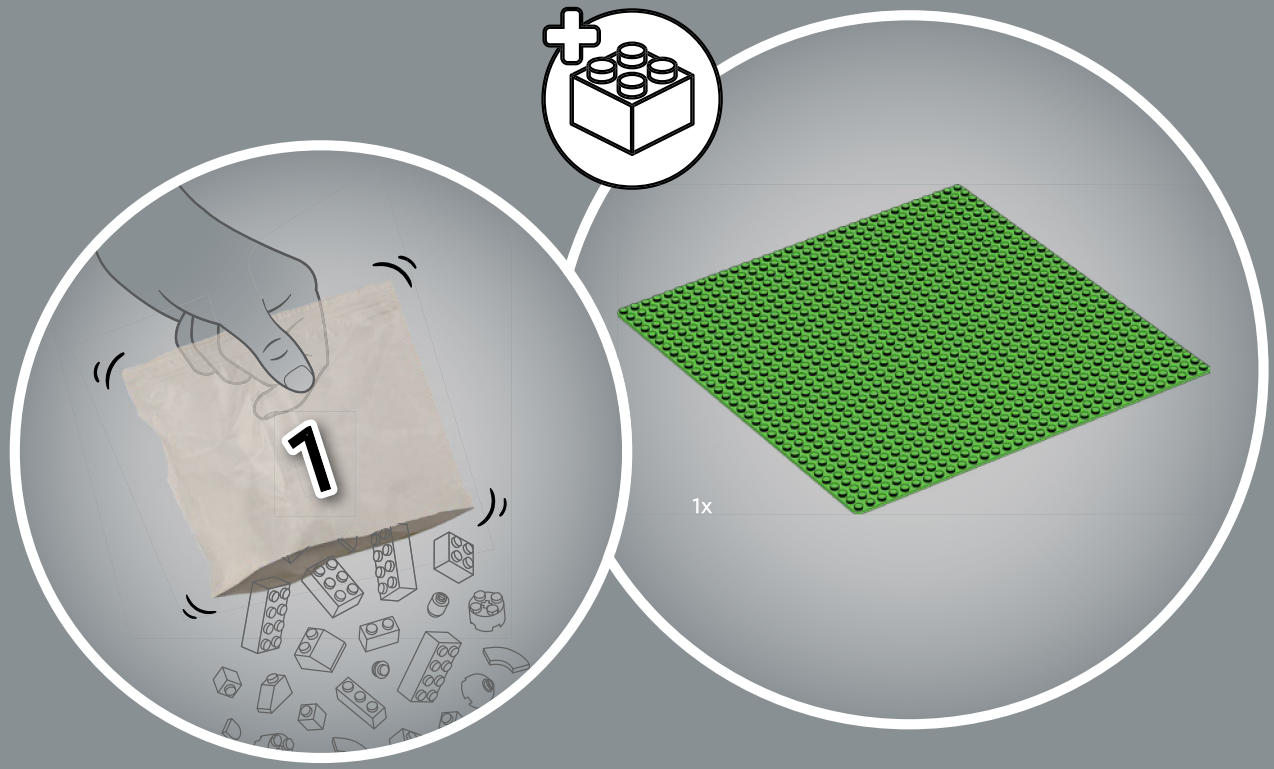

Los comercios y viviendas de ambos edificios están llenos de personalidad, pero lo que termina de conectar todos los elementos es un colorido elenco de minifiguras LEGO®. El pasatiempo favorito de las gemelas es visitar la tienda de música y ensayar su actuación con la banda. Conocida por todos los habitantes, la carpintera vive y trabaja en los dos edificios del corazón de la Calle Comercial LEGO Icons. Las palomas mensajeras que habitan en la azotea le hacen llegar encargos especiales de sus fieles clientes, sin importar si estos viven cerca o lejos. Casi siempre podrás verla en su taller o tienda dándoles los toques finales a los hermosos muebles que diseña, aunque de vez en cuando se toma un merecido descanso en su encantadora casa. No obstante, una misteriosa fuga está provocando algunos problemas en su establecimiento… Si bien a primera vista al plomero le parece "un problema menor", otro panorama empieza a dibujarse a partir de una serie de pistas desconcertantes: un refugio entre utensilios de costura, una reserva de queso y una tubería mordisqueada… ¿Quién será el verdadero culpable? ¡Imagina esta historia y muchas más a medida que construyas!
